Experience

Girls Who Code

Sisterhood Advisory Council Member
06/2018 - 10/2018

Helped plan the Girls Who Code International Day of the Girl Campaign. During which I:

- Got to connect with young women from different parts of the world who were passionate about highlighting the accomplishments of women and girls in STEM and other industries where women are scarcely seen
- Advised on different facets of the campaign such as a visual album to inspire girls to strive for and achieve their dreams

Projects

Bubble mock website

Duration: 3 weeks

Technologies used: HTML, CSS, JavaScript

- Used JavaScript to create modal
- Implemented JavaScript concepts to show and hide passwords
- Learned how to better position containers on a site

Kotlin messenger app

Duration: Ongoing

Technologies used: Kotlin, Firebase
